Pati King-DeBaun, M.S. CCC-SLP

Pati is a speech language pathologist who has specialized in communication for individuals with severe and multiple disabilities for 30 years. Pati is known for her guided instruction and consultation within classrooms and recent telepractice for families and school teams. She speaks and consults internationally on the topics of interactive communication, augmentative communication, and early literacy for children with disabilities. Pati is known for her hands-on and practical work with children and the use of case studies and video samples in her instruction. She has written numerous articles and published several books and materials on the topic of augmentative communication and early literacy and language skills for children with disabilities. Pati has been instrumental in developing a wide range of innovative technologies for children with disabilities.

Basic Workshop Beliefs:

- *All students communicate
- *All students need opportunities and access to Conversation, Literacy and Language
- *All students can learn and participate in reading and writing
- *All students can learn and participate in curriculum activities

For Individual session and mentor training call for price.

The Integrated Model of Communication® Certification Training

Integrated Model of Communication

This two day course will teach participants everything they need to know to be able to implement the Integrated Model of Communication ©. This model teaches; conversation, language and literacy to ALL nonspeaking students, however many of the strategies taught work with kids who are speaking but have low verbal skills. Participants will receive the complete selection of the I.M.C products for the iPad AAC2go teen and AAC2go child; as well as an evaluation copy for other systems. Participants will also receive the Teaching AAC Resources Product and a subscription to myownbooks2go.com. A plan of implementation with a scope and sequence of suggested learning strategies. Learn about various access methods using high-low tech systems as well as adaptations for existing systems. Specific instructional strategies and materials to teach conversation, literacy and language for students who struggle with communication in a range of settings and/or for those children who do not have systems in place. Participants will receive instructions for implementing each aspect of the IMC model with suggested data collection methods to meet your needs. As a result of attending this training participants will be able to use the credentials, "Certified IMC® Trainer" and be able to do introductory IMC workshops in your area for local conferences and trainings. Product values are at \$325.00 and included in the cost. Participants who attend will receive Mentor support for 3 months within a blog.

Host IMC® Training in your area- Host will receive either 2 free spots or 25% of collected fees minus materials fees for hosting and prep for workshop. Minimum of 25 people cost \$495.00 pp for two days. **Educational Service Center and Other Programs. Flat Cost:** 7200.00 for 2 days + discounted materials and follow up. Fee of \$150.00 per person for materials. (See above)
